- **FRESHMAN REPEAT RULE** – A student may elect to repeat up to two courses that were taken at the University of Miami within that student's first two semesters of college work and in which the student earned a grade of D or F. Each repeated course must be taken at the University of Miami, must be the same course as the course initially taken, and must be completed within 12 months after the end of the semester (or summer session) in which the initial course was first taken.
You must fill out a Freshman Repeat Rule Form in the MSC Office, 210-A Ungar, if you plan to retake a course under this provision.

No course may be repeated more than once under this rule. A course repeated more than once under the University's General Repeat Rule will not qualify under the Freshman Repeat Rule.

Enrollment for a second time in a course constitutes a repeat of that course for the purposes of this rule, unless the student withdraws from the course on or before the University's published Last Day to Drop a Course date.

For each repeated course, only the second grade (whether higher, or lower, or the same as the first grade) will be used in the computation of the student's CGPA. The initial course will not count as credits attempted or earned, although the initial course grade will remain on the student's permanent record.

Students who plan to apply to graduate and/or professional school should be aware that such institutions may recalculate the CGPA to include the initial grade earned before the repeat.
